

GRAND JAVA OVERLAND

A 10-Day Heritage, Culture & Volcano Journey Across Java

JAKARTA – BANDUNG – SEMARANG –
YOGYAKARTA – SOLO –
MOUNT BROMO – SURABAYA

(Optional Extension to Bali)

TOUR OVERVIEW

Experience the very best of Java on this carefully designed 10-day overland journey, created for travellers who prefer authentic cultural experiences, spectacular scenery, and a comfortable pace. Travelling in a small group of just 4 to 14 guests, you will journey from the bustling capital of Jakarta to the historic city of Surabaya, discovering UNESCO World Heritage Sites, colonial architecture, royal cities, dramatic volcanoes, and local traditions along the way.

Rather than rushing from one destination to another, this itinerary allows time to appreciate each region. Enjoy scenic train travel through West Java, explore charming highland towns, meet local artisans, sample regional cuisine, and stay in carefully selected hotels that reflect the character of each destination. Throughout the journey, you will be accompanied by a professional English-speaking guide who will bring Indonesia's history, culture, and daily life to life.

The tour is suitable for travellers with a moderate level of fitness. Most sightseeing involves leisurely walking, while the volcanic adventures at Mount Merapi and Mount Bromo require early starts and short walks over uneven terrain. The result is a rewarding journey that combines culture, history, nature, and genuine local encounters—ideal for first-time visitors wishing to discover Java beyond the ordinary.
